Assalamualaikum wr wb. Good night, Mr. MUHAMMAD SURYA RIFQI, as my respected English tutor, please allow me to present my response for Task 1 in our third online tutorial regarding **Informal Emails and Business Memos**.

Responding to the tasks at hand, let's break them down one by one using a practical approach. This analysis is based on daily professional routines in the real world, exactly like when I was running operations in the E-Commerce Fulfillment team at Decathlon Sports Indonesia. Grounding these language theories in an actual workplace context makes them much more relevant and easier to apply.

Here is the breakdown of the responses for each question:

SOAL NO. 1

Bacalah percakapan di bawah ini. / *Please read the conversation below.*

Helen: **Hey**, Jane!

Jane: Oh hey, I **didn't** see you there. Did you already get a table?

Helen: **Yeah**, right over here.

Jane: **I'm** glad we had time to meet up.

Helen: Me too. So, **what's** going on?

Jane: Oh, not much. You?

Helen: Not much. Hey, **how did your interview go**? Wasn't that today?

Jane: Oh, yeah. I think it went well. I don't know if I got the job yet, but they said they would call in a few days.

Helen: Well, I'm sure you did great. Good luck.

Jane: Thanks. I'm just happy that it's over. I was really nervous about it.

Helen: I can understand that. I get nervous before **interviews**, too.

Jane: Well, thanks for being supportive. I appreciate it.

Helen: Sure, no problem.

Pertanyaan / *Questions*

1. Identifikasi ragam bahasa apakah yang digunakan dalam percakapan tersebut dan jelaskan alasannya. / *Identify what style of language used in the conversation and explain your answer.*
2. Identifikasi topik percakapan tersebut. / *Identify the topic of the conversation.*

Jawaban / *Answer*

1. Identifying the Style of Language

The language style used in the dialogue between Helen and Jane is **Informal English**.

The primary reason behind this specific style choice is evident from its highly relaxed and flexible structure. Referring to our main textbook (BMP) by Universitas Terbuka, a casual style can be easily recognized by the use of contractions. In the provided text, we can see words like "didn't", "I'm", and "what's". Furthermore, the chat heavily utilizes casual greetings like "Hey" and "Yeah". Based on an article from the EF

Education First portal (2023), using short phrases and fillers serves to build emotional closeness among friends, allowing the conversation to flow naturally without being restricted by strict grammar rules.

2. Identifying the Topic of the Conversation

The main topic of the dialogue is **catching up on Jane's job interview**.

This conversational context is extremely common in a work environment. For instance, when bumping into fellow warehouse staff at the Decathlon break area, we often ask about the progress of a colleague who just went through a promotion selection for a Sports Leader position. Using informal language makes a tense post-interview chat feel much more relaxed and supportive.

SOAL NO. 2

Perhatikan gambar di bawah ini. / *Please look at the picture below.*

Anggaplah gambar tersebut adalah tempat kerja Anda. Tulislah sebuah paragraf deskripsi singkat dalam bahasa Inggris mengenai tempat kerja tersebut sebanyak kurang lebih 100-200 kata. / *Imagine it is a picture of your office. Write a descriptive paragraph about the place in 100-200 words.*

Gunakan poin-poin berikut sebagai acuan Anda dalam menulis: / *Use these points as your guidelines when writing:*

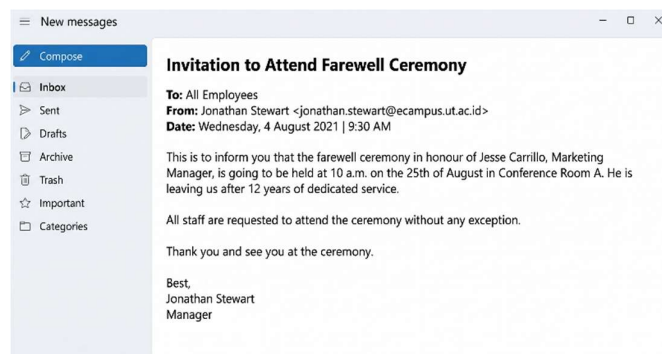

- Kalimat utama / pengantar / *introduction*
- Lokasi kantor / *location of the office*
- Hal menarik yang ada di ruang kerja / *interesting features of the office*
- Perasaan atau kesan Anda terhadap ruang kerja / *what you feel about the office*

Jawaban / Answer

This is a picture of my workspace at the Decathlon e-commerce office. The office is located on the second floor, right next to the main fulfillment warehouse in West Jakarta. This room has a very clean and minimalist style. In the center of the room, there is a large wooden desk with a white computer monitor on it. Next to the desk, there is a tall, beautiful green plant in a white pot. I also have a tall wooden bookshelf on the left side to keep all my fulfillment binders. I feel very peaceful and focused when I am working in this bright room. The clean space really helps me to process online sports gear orders quickly every day.

SOAL NO. 3

Perhatikan memo bawah ini. / *Please read the memo below.*

Pertanyaan / Questions

Please identify:

- the sender of the memo,
- for whom the memo is for, and
- what the memo is about.

Jawaban / Answer

- The sender of the memo:** Jonathan Stewart, Manager.
- For whom the memo is for:** All Employees.
- What the memo is about:** An invitation to attend a farewell ceremony for Jesse Carrillo, the Marketing Manager.

Based on the main textbook (BMP) Universitas Terbuka, business memos function specifically to broadcast official messages closely tied to internal organizational matters. Which states that internal communication via memos must be concise and straight to the point so that instructions (such as mandatory attendance) are conveyed without bias. In our Decathlon operational environment, the Store Manager frequently uses this brief format when giving internal announcements requiring quick attention from all divisions.

SOAL NO. 4

Anda tertarik untuk mengikuti kompetisi My City Got Talent tetapi tidak dapat menemukan informasi di mana formulir bisa diunduh. Tulislah sebuah email berdasarkan situasi tersebut sebanyak 50-100 kata yang berisi:

- *Salutation*
- Pembuka
- Isi
- Penutup

You are interested in applying for the My City Got Talent competition but you could not find the information about where you can download the forms. Write an email based on that situation in 50-100 words by including:

- *Salutation*
- *Introduction/Opening*
- *Content / body email*
- *Closing / Sign off*

Here is the formal email draft to request information.

Drafting an email to an external party whose identity is unknown absolutely requires a formal tone. As quoted from the Glints Indonesia career guide (2023), selecting a specific subject

and using the "Dear Sir/Madam" salutation are standard digital communication ethics. It demonstrates the sender's professionalism, regardless of the event's actual purpose.

Conclusion

My personal takeaway from all these materials is that the ability to adapt our language style, whether casually chatting with colleagues, writing a workspace description, issuing an internal memo, or sending an inquiry email to an external party, is a foundational career skill. Choosing the right vocabulary for the context does not just show language proficiency, it is a form of adaptability in the real professional world.

That covers my input for today's session. I'd welcome any feedback or corrections from the floor.
